DETAILED ACTION

Claims 1-8 are pending.

Claims 8-21 are withdrawn.

The rejection of claims 5 and 6 under 35 USC 112 has been withdrawn since applicants have amended the claims.

The rejection of claims 7 and 8 under 35 USC 112 has been partially withdrawn.

The rejection on claim 8 has been withdrawn however the one on claim 7 still stands.

The applicants have amended the claim to insert "an agent for enhancing absorption through intestines" raises new issues and grounds for rejection.

New Grounds for Rejection

Claim Rejections - 35 USC § 112

The following is a quotation of the first paragraph of 35 U.S.C. 112:

The specification shall contain a written description of the invention, and of the manner and process of making and using it, in such full, clear, concise, and exact terms as to enable any person skilled in the art to which it pertains, or with which it is most nearly connected, to make and use the same and shall set forth the best mode contemplated by the inventor of carrying out his invention.

Claim 7 is rejected under 35 U.S.C. 112, first paragraph, as failing to comply with the written description requirement. The claim(s) contains subject matter which was not described in the specification in such a way as to reasonably convey to one skilled in the relevant art that the inventor(s), at the time the application was filed, had possession of the claimed invention.

The only statement the specification has is "agents for enhancing absorption through intestines" without describing what these agents are.

Art Unit: 1625

It is not clear what the formulation comprises of and is also be reach through claim since it could encompass any agent which could be later discovered to be enhancing absorption through intestines.!

The claim 20 is not being rejoined since the claims are not all allowable and also claim 20 is drawn to any tumor and would raise 112 issues.

Applicants are required to amend both the claims 7 and 20 for rejoinder and allowance.

Conclusion

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
